

GENERAL INFORMATION

P1000 / T1000

Powder-Actuated Single Shot Tool

TOOL DESCRIPTION

The P1000 is a Hammer actuated, do-it-yourself (DIY) powder actuated tool. Engineered for high reliability, low maintenance and speed. This tool uses three levels of power: brown through yellow load (levels 2-4) and .300" Head Drive Pins, 8mm Head Fasteners with lengths of 1/2" through 3".

The T1000 is a do-it-yourself (DIY) grade powder actuated tool engineered for high reliability, low maintenance and speed. Its easy to use trigger mechanism makes fastening to concrete, block and steel. The tool uses .22 caliber (short) powder loads and can be actuated with the built-in trigger without the need for a hammer.

TECHNICAL DATA

Tool Body	Precision Moulded Rubber and Steel
Tool Length	13"
Tool Weight	3 lbs
Pin Length	1/2" to 3"
Load Type	.22 Caliber (Short) Load
Power Level	Brown (2), Green (3), Yellow (4)

GENERAL APPLICATION AND USES

- Remodeling
- Maintenance Applications
- Electrical Fixtures
- Telecommunications
