Brian Schutz
Staff Engineer
Powers Fasteners Inc.
2 Powers Lane
Brewster, NY 10509

Subject: Approval of New Adhesive Anchoring System, Appendixes C and D of IM 491.11

Dear Brian:

Based on a successful test in our laboratory and a review of test results reported by IEA and Stork Materials Technology, your company's adhesive anchoring system, the AC100+ Gold, has been approved for use on Iowa road and highway projects. As a result, the AC100+ Gold will be placed on our approved product lists, Appendixes C and D of Iowa DOT Materials Instructional Memorandum (IM) 491.11. This letter will serve as your certification until the next IM revision.

Please feel free to contact me at the above number if you have any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Chengsheng Ouyang".
