Re: Pure220+ (Type I) Class B
Spec. No. 02753
R-52 No.16536

Mr. Antoinette

The product evaluation panel has considered the merits of your product and AUTHORIZED it for placement on the APL. The product Pure220+ is for use according to UDOT 2023 Standard Specification 02753 2.5 Epoxy Injection Adhesive Type I, Class B. The authorization of your product is no guarantee that it will be used on a construction or maintenance project. The authorization is withdrawn if your product fails to perform according to UDOT Specifications or the manufacturers statements and performance criteria.

Please note UDOT does not endorse this product. This authorization cannot be used as an endorsement. It is the responsibility of the manufacturer to resubmit this product. Expiration date is calculated as test date (March 3, 2023) plus five years or anytime the product is modified. If you fail to comply with the UDOT APL Policy, the product will be removed from the UDOT Authorized Products List.

If you have any questions, please feel free to contact my office at (801) 633-7619 Monday - Thursday 8:00 am to 4:30 pm Mountain Standard Time or Email udotapl@utah.gov

Respectfully,

Timothy Wozab
Materials Engineering Assistant
UDOT Authorized Products Coordinator.
